

VANCOUVER POPS YOUTH PROGRAM

For Ages 10-13

There's no better place for kids to be, than to be learning with other kids. Joining a music ensemble is the most encouraging and effective way for children to stay motivated in their craft. Our program offers group sessions and optional private instruction. Classes will teach fundamental playing techniques and reading/performance skills in pitch, rhythm, dynamics and articulation. Classes will cover dozens of short folk melodies and some complex ensemble songs. Scales, music theory and ear-training are also included in the curriculum.

What's Included?

Weekly ensemble classes all year (except for Stat Holidays)

+ weekly 15 minute private classes in person (8881 Selkirk Street) or on Zoom (Flex Scheduling Monday to Friday)

+ performance opportunities when applicable.

+ sheet music and class material
